

North London RTC
2018 - 2019

Regional Training Centre

www.newwaveteachingschoolalliance.co.uk

Welcome

We look forward to welcoming you to the North London RTC based at Woodberry Down Primary School in Hackney, where we offer a range of free Apple iPad training. Every training course is designed to build upon the skills and confidence of local teachers and educators to use technology in inspiring and innovative ways. Each of the free sessions has been created by our in house, specialist Apple Distinguished Educators and are designed to be practical, well supported sessions aimed at enhancing and transforming teaching and learning in classrooms.

This year we are also building our own Teaching and Learning Community and are looking for enthusiastic and committed colleagues to join us in our mission to share and build best practice using iPad. Please do get in touch, we very much look forward to working with you.

Booking

All training courses are free but booking is essential. All of our training can be booked through Eventbrite www.eventbrite.co.uk under the North London Apple Regional Training Centre. For any enquiries please visit the New Wave Teaching School website or email us at teachingschool@newwavefederation.co.uk

RTC Training Sessions

2018 - 2019

Unlocking The Potential of iPad

Thursday 11th October 2018 : 16:15 – 17:30

We know how to work an iPad but do we know how to make it work most effectively for the needs of our classrooms? This session is for you if you have just been handed an iPad (or just dusted one off out of a trolley) and you are interested in finding out more about the ways in which iPad can transform daily teaching in your setting.

Everyone Can Create: The Arts with iPad

Thursday 29th November 2018 : 16:15 – 17:30

Within the in-built apps on iPad there is a wealth of opportunity for children to unleash their creativity. We will be exploring how to compose music, draw and animate collaboratively. Attendance at this session will enable you to gain a selection of skills and techniques you need to help your children create.

Getting to Grips with Coding in the Curriculum

Thursday 7th February 2019 : 16:15 – 17:30

Learning how to code is an important of the primary computing curriculum. This course is designed to help improve your subject knowledge and confidence at teaching coding concepts in a fun and interactive way.

RTC Training Sessions

2018 - 2019

Making Maths Real

Thursday 14th March 2019 : 16:15 – 17:30

In this RTC session you will be solving a series of real world maths challenges with iPad. We will achieve this by taking maths learning outside and using AR to explore and measure the world around us. We will also be looking at ways to analyse and present maths learning using iPad in an engaging and purposeful way.

First Steps: iPad in the EYFS

Thursday 23rd May 2019 : 16:15 – 17:30

This course is designed for EYFS practitioners looking to find innovative ways to use iPad to enhance learning in their settings. We will be looking at a core group of apps that can support communication and language development in a range of ways.

Teaching and Learning Community

The Teaching and Learning Community is a professional development opportunity for teachers with a shared interest in integrating digital technology to enhance student learning.

It is a collaborative place where we will be tackling questions that come from our passion for transformative teaching. We will be discussing common teaching issues, sharing successful strategies and developing new approaches to shared problems.

The community will meet every half term at Grazebrook Primary School from 16:00 – 17:30 on the following dates 04.10.18 / 22.11.18 / 17.01.19 / 07.03.19 / 02.05.19 / 13.06.19

Bespoke Training

2018 - 2019

At New Wave Federation and the North London RTC we are passionate about enhancing great teaching and learning through the use of technology. We understand and appreciate that every school and setting has differentiated needs when it comes to using technology effectively in the classroom, which is why we are offering free bespoke, high quality training to schools. For all bookings and enquiries please visit the New Wave Teaching School website or email us at teachingschool@newwavefederation.co.uk

Our Offer

- Free staff meetings and training on any area of the Computing curriculum and the use of iPad and apps.
- Free CEOP e-safety training for all school educators, parents and carers on how to keep children and young people safe from exploitation online. This course is run by a CEOP accredited Ambassador.
- Free support and delivery of the accredited professional learning programme, Apple Teacher. For more details please contact us at teachingschool@newwavefederation.co.uk

Training

Some of the popular training sessions we successfully run, include:

- iPad in EYFS. Inspiring apps to engage early learners.
- Engaging all learners: iPad accessibility features and SEND.
- Lights, Camera, Action! Inspiring and developing young filmmakers with a host of iPad apps for all ages.
- CEOP Thinkuknow Introduction course. Providing educators with the understanding of new technologies and how children and young people are using them, the main risks associated with online environments and how the CEOP Thinkuknow education resources respond to these risks.
